

My name is Cassa Rooney and I've been serving with The Women's Refuge Resale Store for over a year. I've previously been in other areas of service in the Vero Beach community but have found such light in the Women's Refuge Store and have since joined their board.

Matthew 5:16 says, "In the same way, let your light shine before others, so that they may see your good works and give glory to your Father who is in heaven". This verse has been foundational to me in my spiritual journey. The verse is a call to action, as a reminder for myself and others to share the light of Jesus. It encourages people to let their light shine to reflect God's love.

The mission of the Women's Refuge is focused on discipling others to live fruitful lives with changed attitudes— Shining the love of Jesus for all to see!
